

# Study Manager™

Updated: 7/19/2005

## ACS-Hosted Web Edition System Requirements

### Client Workstations:

Item	Required	Recommended
Operating system	Windows 2000, Windows XP, Windows 98, Windows NT, or Windows ME	Windows XP  <i>* Windows XP is better supported by Microsoft for security updates. Older OS versions like Windows 98, Windows NT, Windows ME, and Windows 2000 do not provide the same level of security and reliability. However, these older OS versions can run Study Manager.</i>
Web browser	Internet Explorer 5.5 or greater	Internet Explorer 6 sp2
PDF Reader	Adobe Acrobat Reader	Adobe Acrobat Reader 6.0
Processor	Pentium II, 266 MHz	Pentium III or IV, 500+ MHz
RAM	128 MB	256 MB
Monitor / video card	15+ inch monitor running at 1024x768 screen resolution	Same as required  <i>*Study Manager is designed to run with Windows Font Size set to Normal. Study Manager may not display information properly on monitors with Large Fonts enabled.</i>
Hard drive space	No additional hard drive space required beyond what is needed for Windows and Internet Explorer.	Same as required
Network card (for LAN users)	10/100 Mbps network card	Same as required
Internet connection (for remote users)	128 Kbps	256Kbps or more  <i>* Broadband Internet connections such as DSL, cable modem, T1, and frame relay can significantly enhance performance and are highly recommended.</i>  <i>It is possible to use Study Manager Web Edition over a 56Kb/sec dial-up modem, but performance will be severely degraded. ACS does not recommend or support connecting via dial-up.</i>
